Istrouma High School

Baton Rouge, Louisiana

Volume XXXV

Reflections of the Beginning

When Istrouma High School opened in 1920, Baton Rouge was just beginning its industrial growth. Istrouma High School, a new school in a city beginning to boom, was located on Erie Street in the heart of the industrial section. During these years the two predominant high schools were Istrouma and Baton Rouge High School. Located on opposite sides of town, each had its own activities.

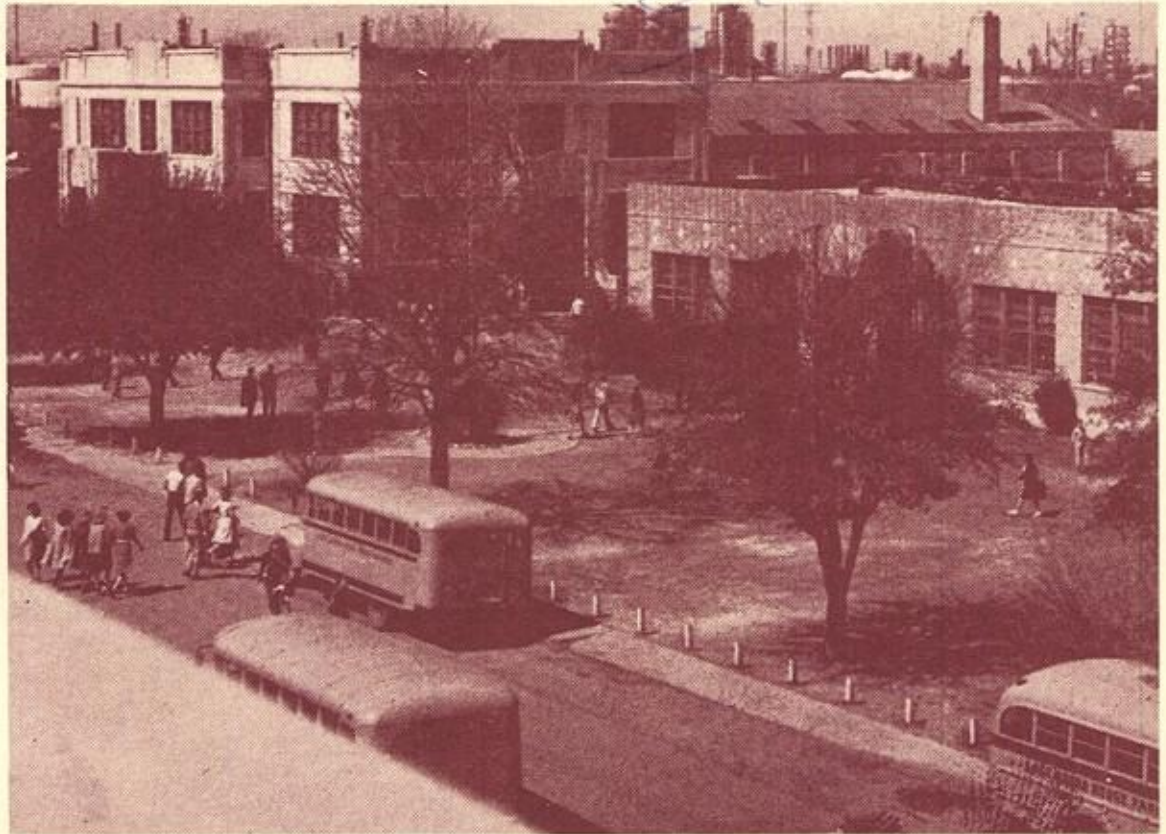

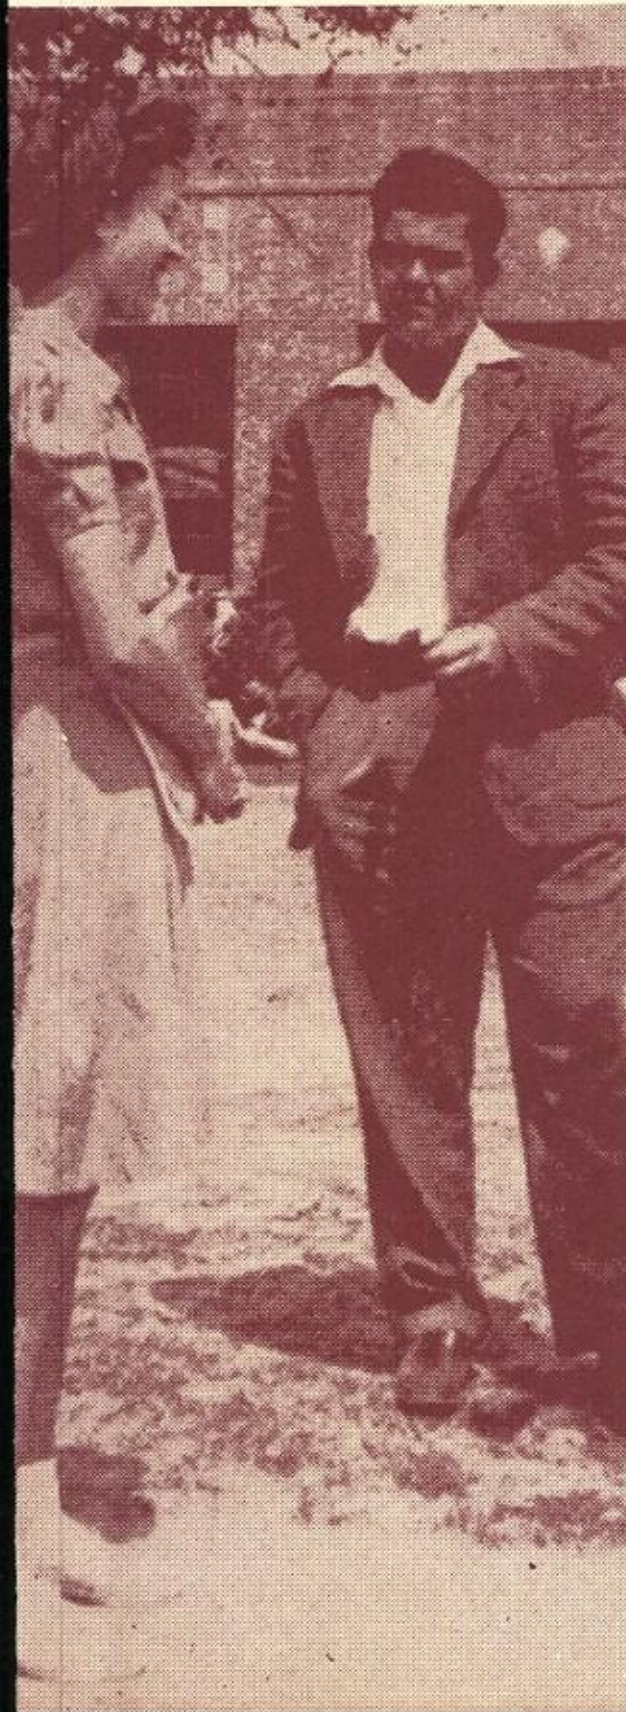

Baton Rouge High had been around for many years and had already become an established school. They had a football team, a coach, and an assistant, Ellis A. Brown, while Istrouma was still struggling for recognition.

In 1935 Ellis Brown, affectionally known as Little Fuzz, decided to cross town and join the Istrouma Reservation. His efforts helped Istrouma advance in its upward climb. His leadership guided Istrouma through its continued development.

To a very nice girl working with me
 I enjoy team and as a future
 you and I will be in the future
 I will be in the future
 I will be in the future

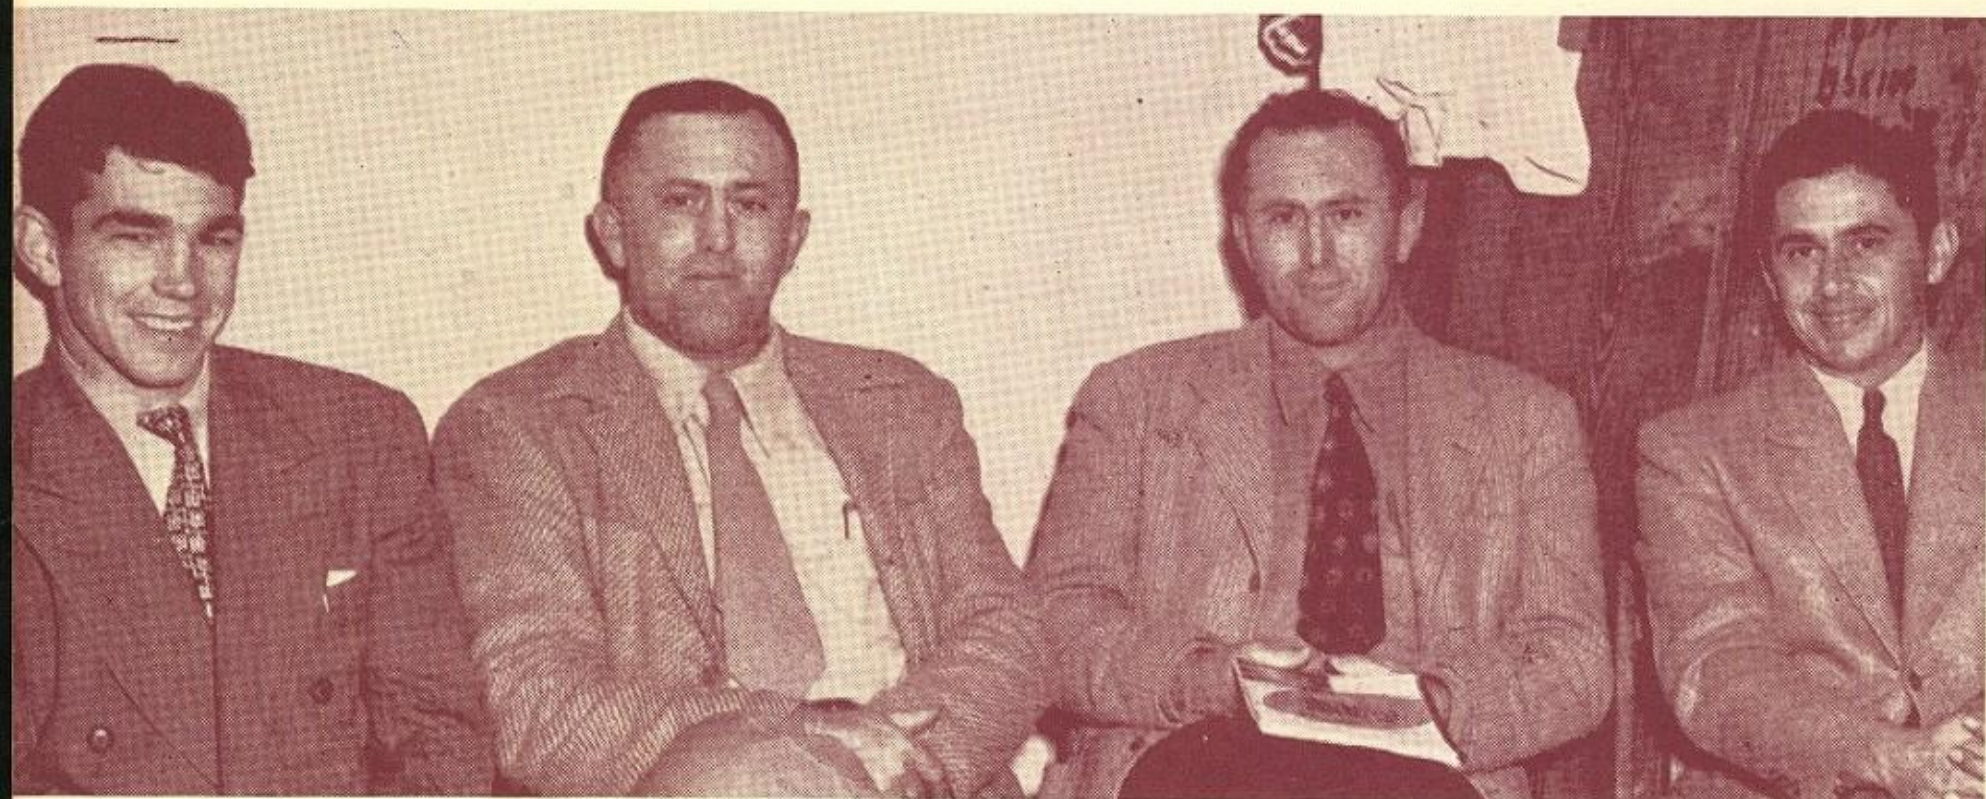

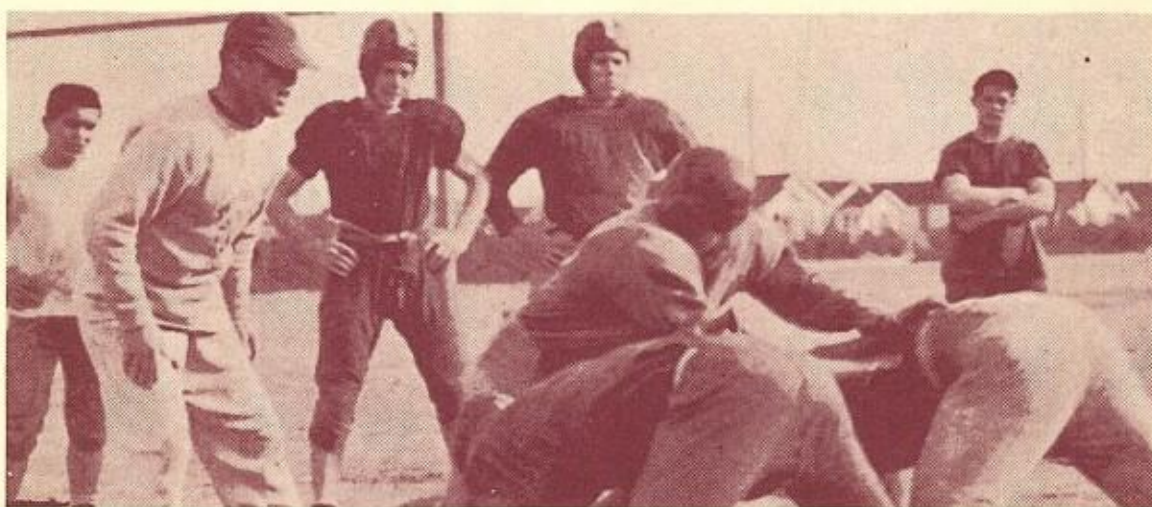

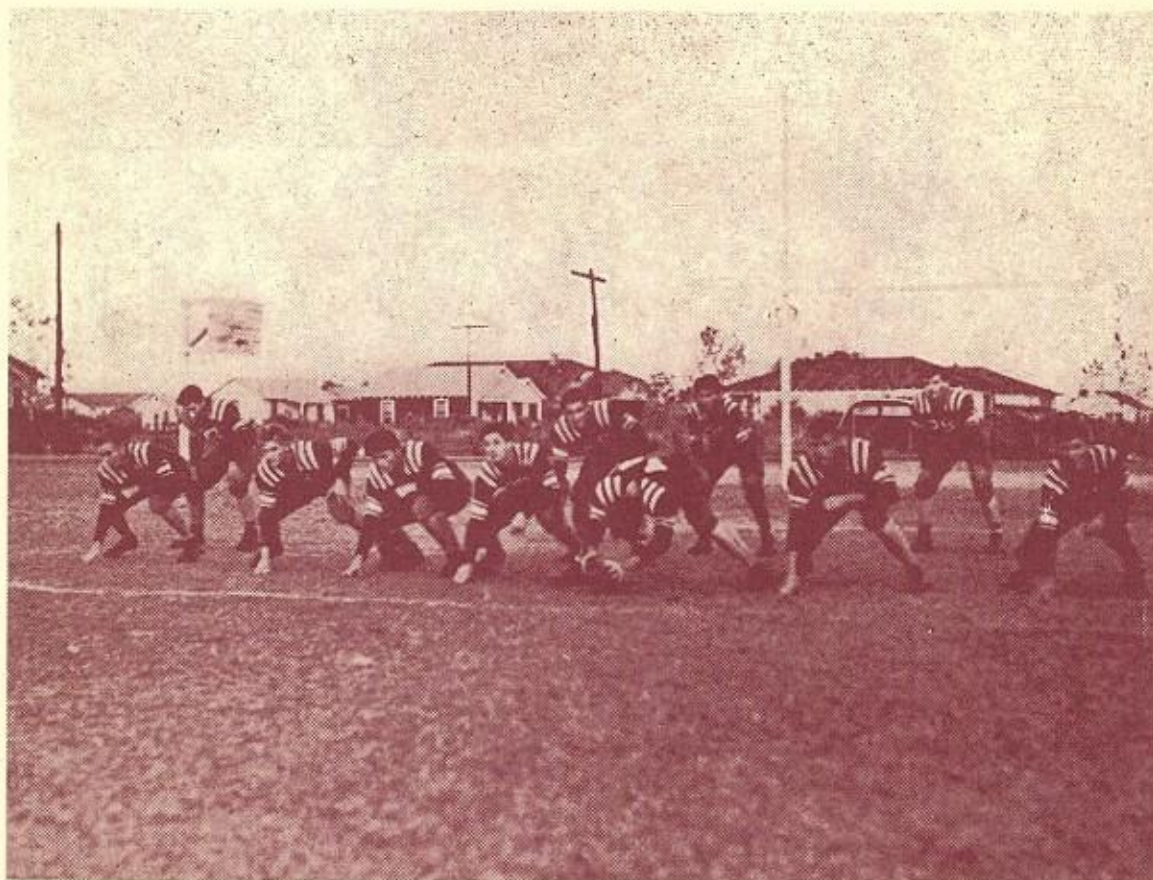

Coach Brown joined the faculty as head coach. He organized the first Istrouma High football team.

Little Fuzz had a small but sharp team of eleven members. Not many in number, they were packed with dynamite and were known to the student body as the "spirit" of the school.

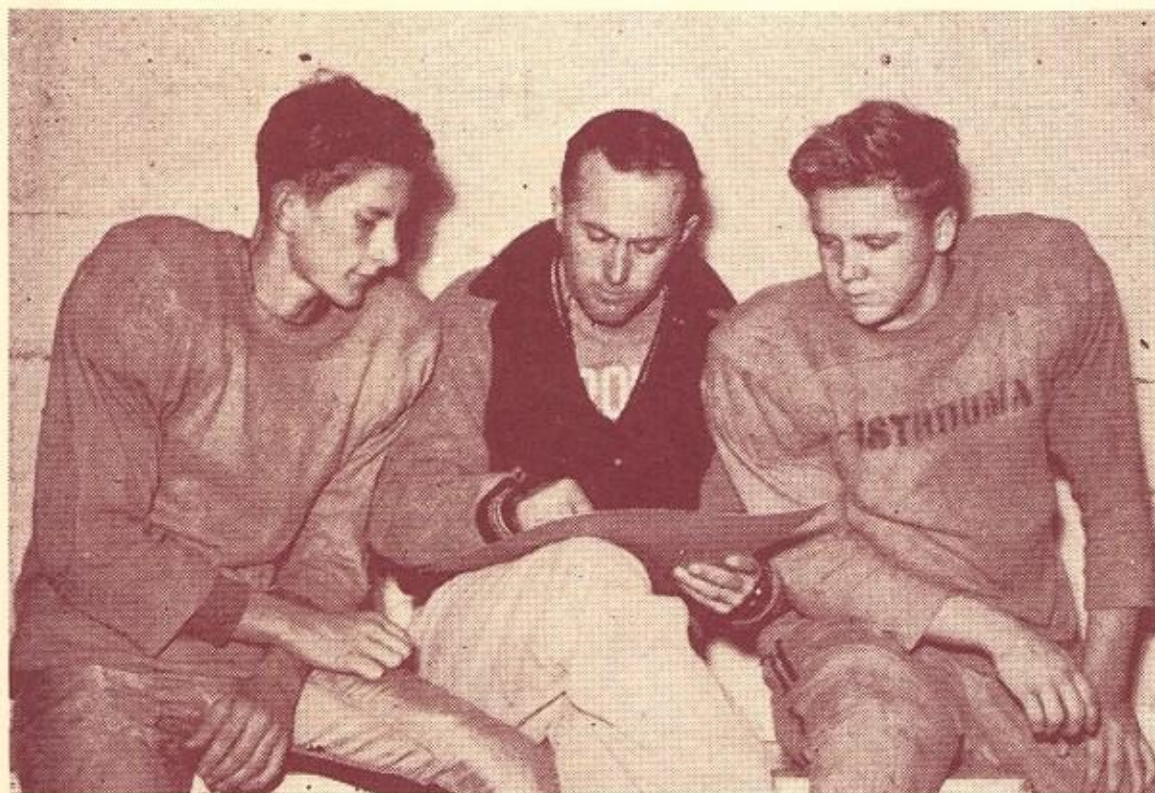

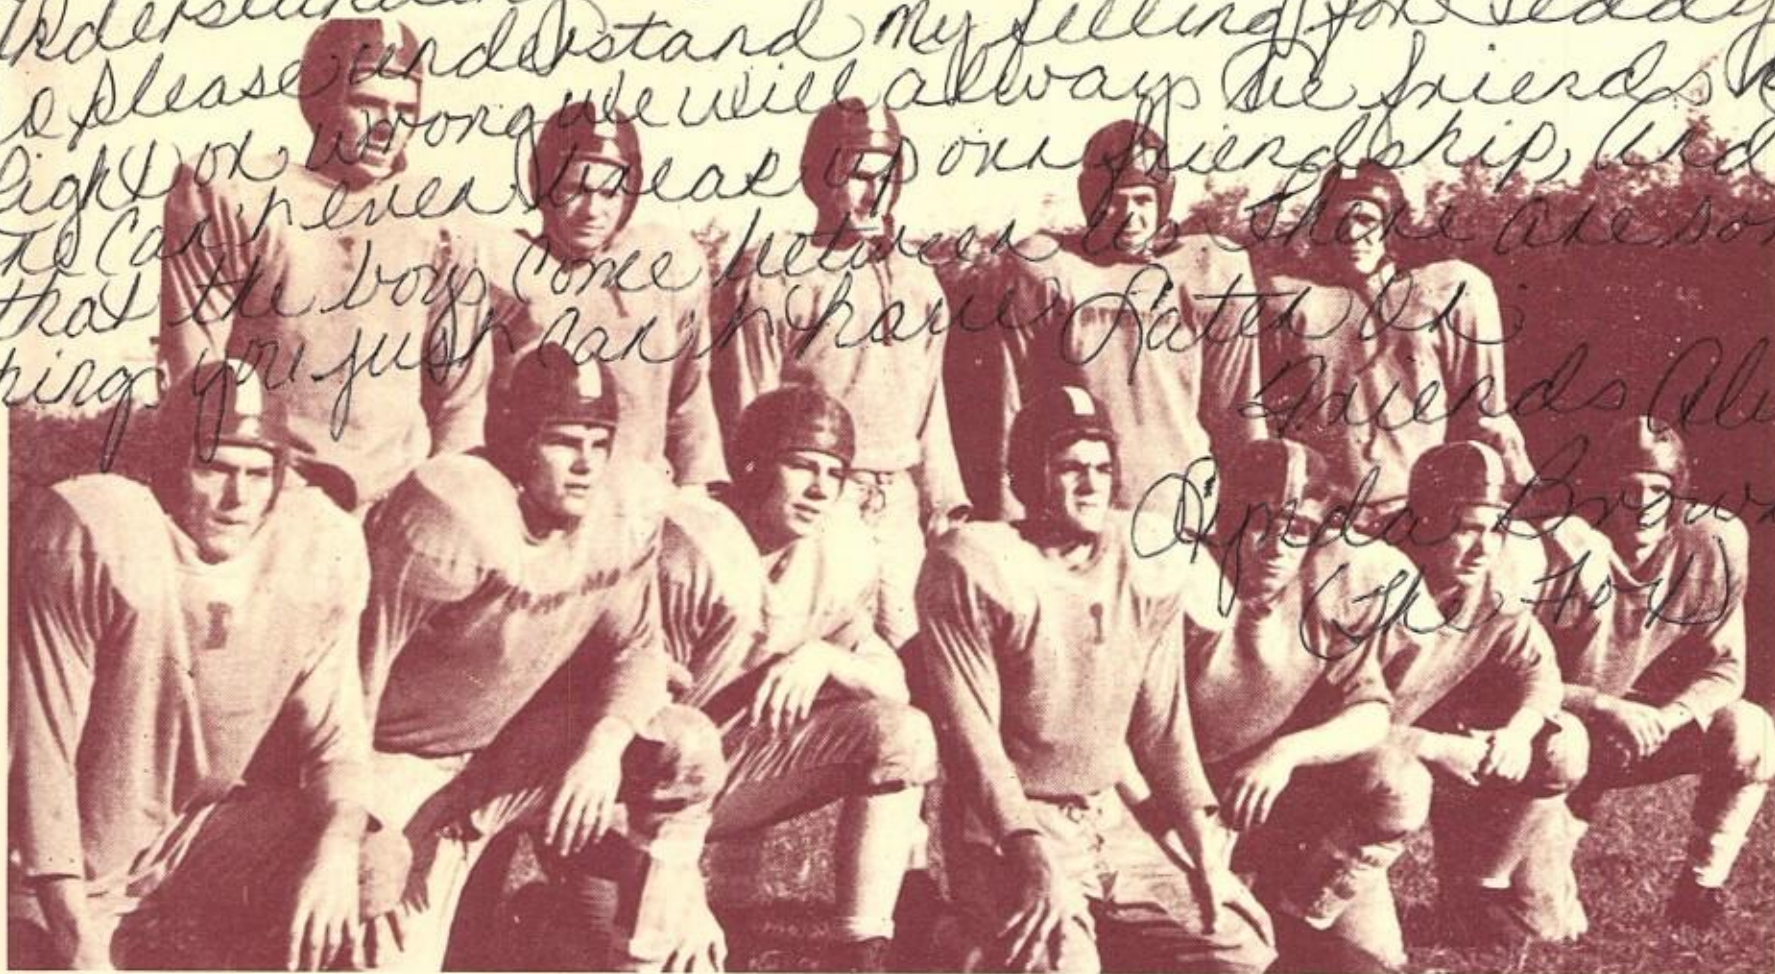

The fame and glory which they gained brought the necessary recognition to Istrouma that encouraged students toward achievements in many areas.

His assistant coaches were J. E. Brown, Clyde Lindsey, and Melvin Geller.

To a friend of a friend
 Well Can its been a very good year with
 you. But its too bad you haven't had the best
 of Duck with the Guys. You are a very nice girl
 in your own way. Be Cool and keep doing what
 you doing to make the men happy. I know you not
 too happy because I'm talking to Teddy, but
 I just can't help myself. If you know what I mean.
 Understanding is the best thing in the world
 so please understand my feeling for Teddy.
 Right or wrong we will always be friends to
 one another never tear up our friendship, and don't
 that the boys come between us there are some
 things you just can't have. Fate is

It took Coach Brown only three years after he established the first football team to mold a State-Championship team.

Little Fuzz and his assistants led the fighting Indian tribe to Warren Easton High School to pluck the Eagles. The Indians fought a fierce battle and came out with a deserving victory, 21 to 19.

This day and this team was to go down in history. It will always be remembered by those who were there.

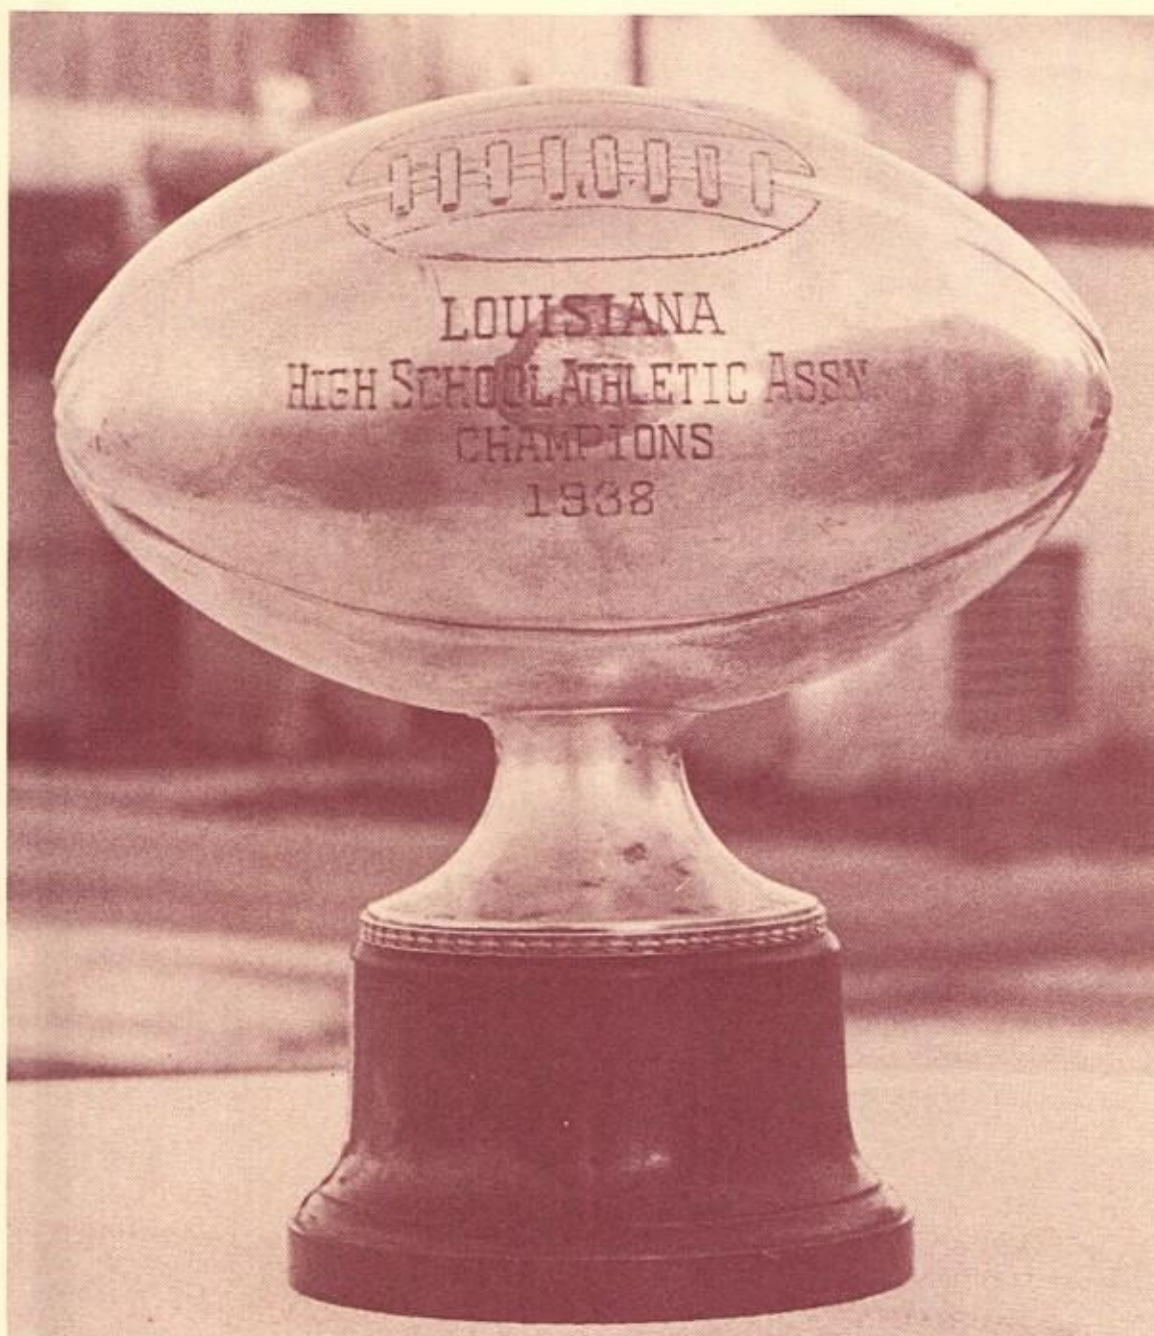

Little Fuzz remained as Head Coach at Istrouma for fifteen years. During this time, his football teams continued to bring fame to the mighty Istrouma Tribe.

As the years passed, Istrouma student body began to increase in size. This led to a demand for a larger school building. In the fall of 1950, the new school building was completed at 3730 Winbourne Avenue.

Grades one through eight remained on Erie Street, while grades nine through twelve moved to the new school.

Istrouma Senior was equipped with modern facilities and could offer more courses. This enabled the students to have a better choice of the subjects they wanted.

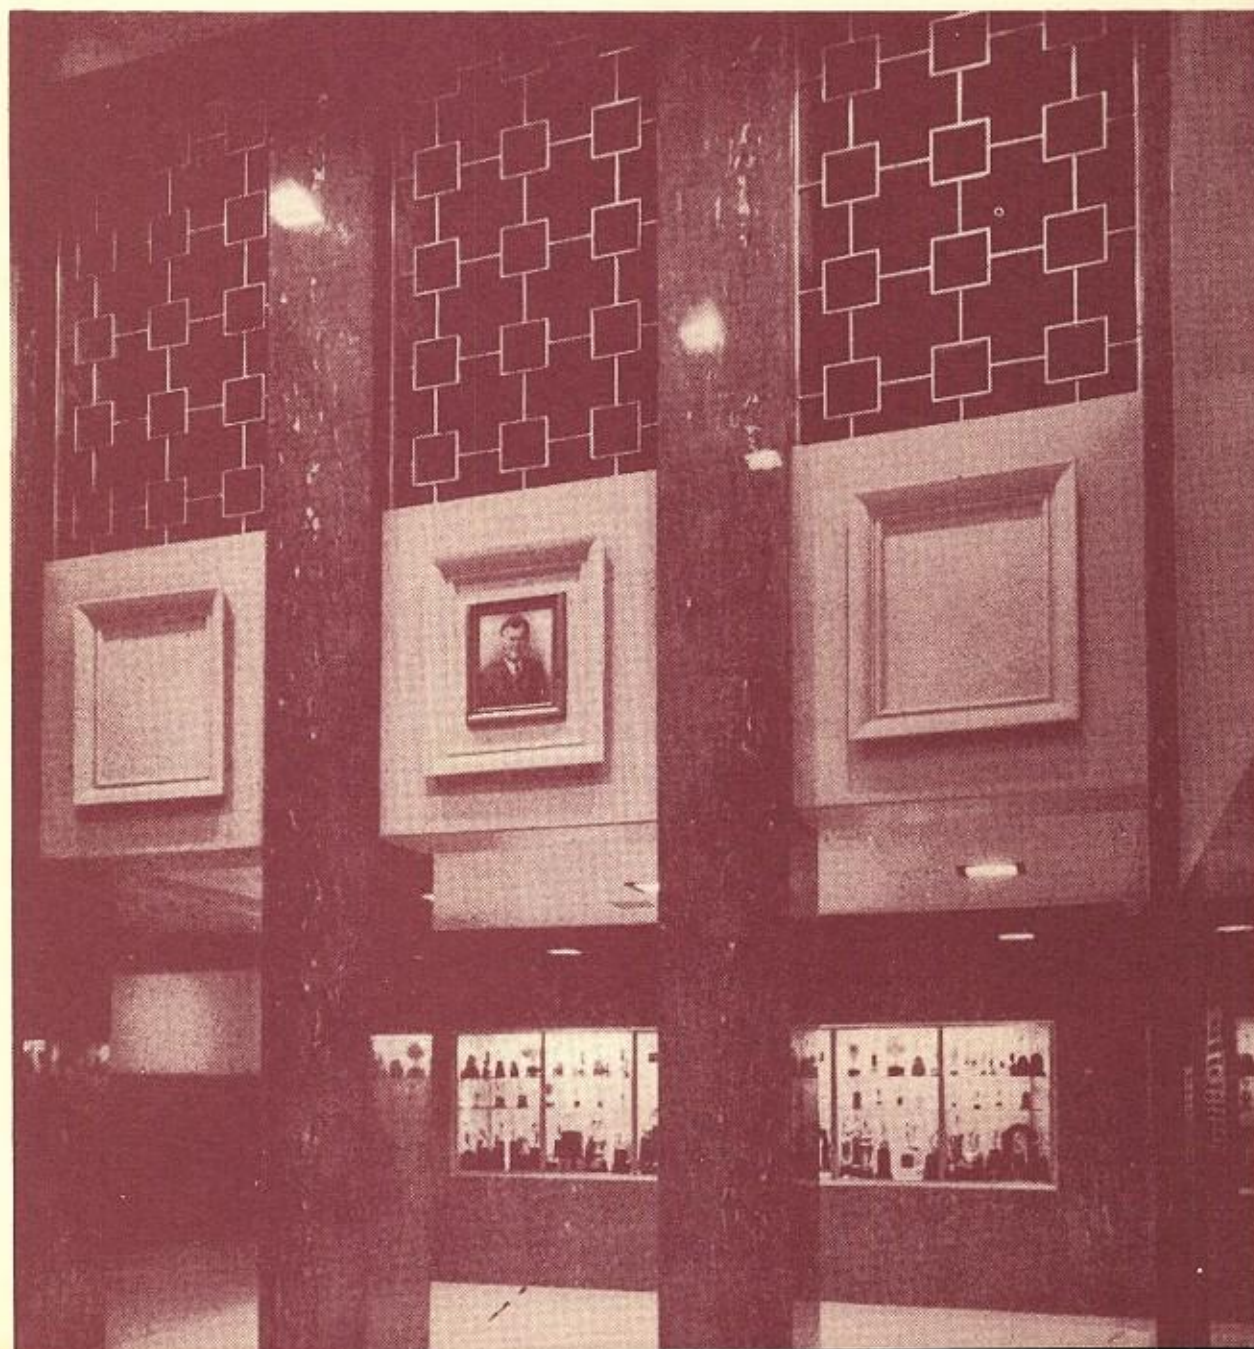

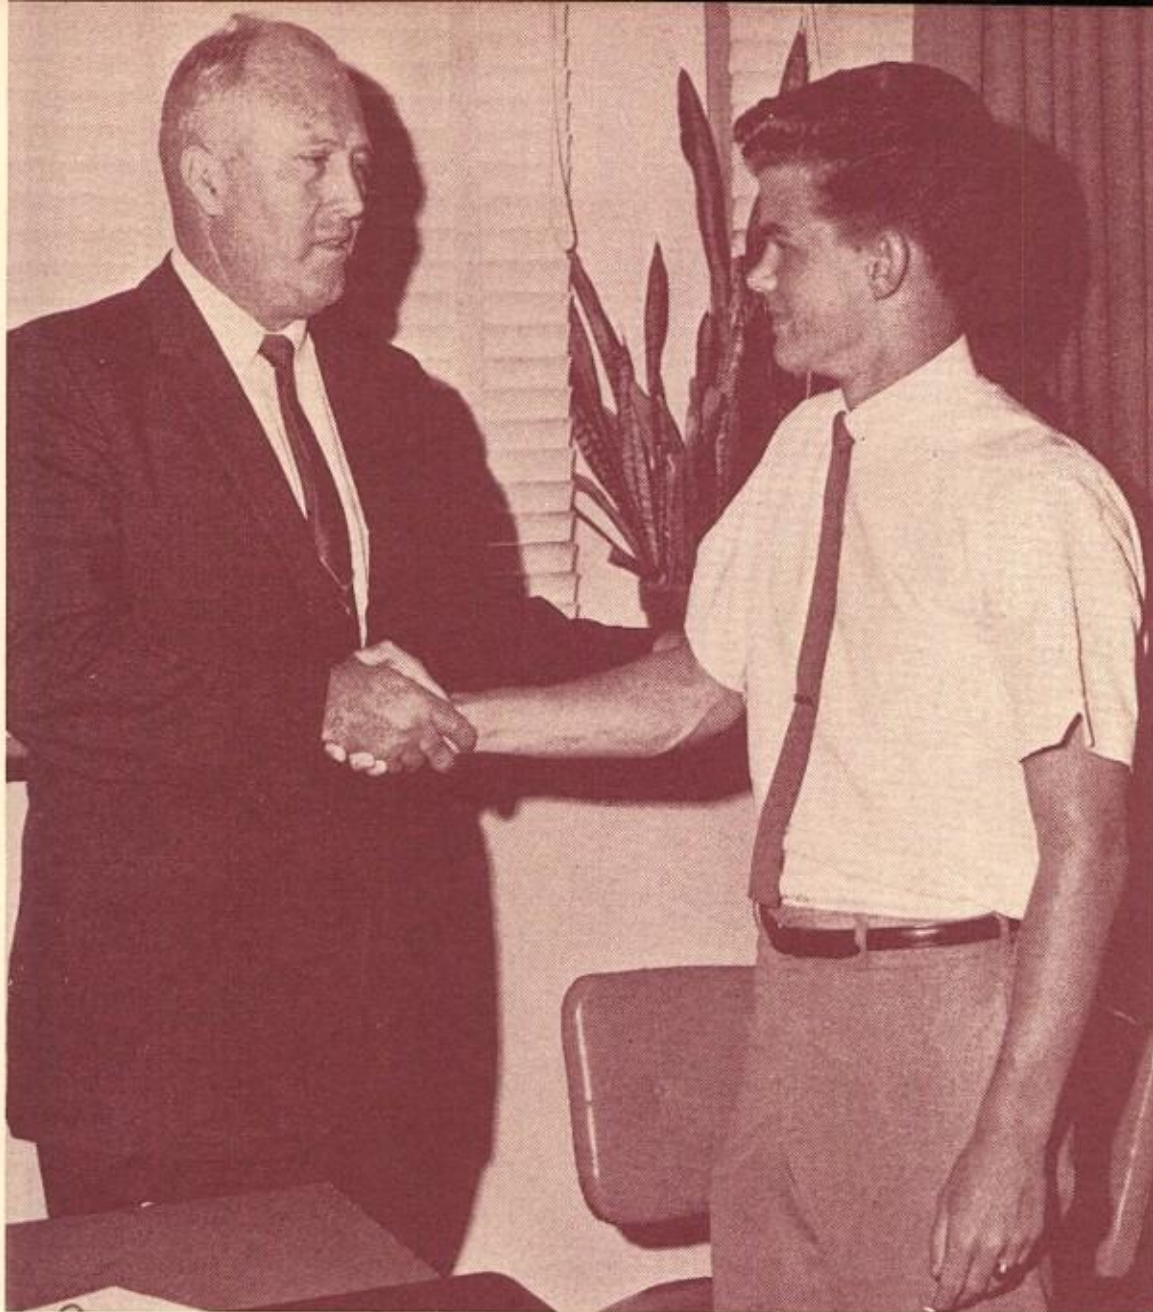

From 1946 to 1955, Mr. Brown was chairman of the Recreation and Parks Commission of East Baton Rouge Parish. During this time Mr. Brown played a very important role in promoting the passage of two bond issues pertaining to the construction of Memorial Stadium.

Mr. Brown's position moved from Head Coach to Assistant Principal in 1950, where he served under Mr. H. P. Overton.

The promotion enabled him to work with the total student body; with the concern and requests of the students. Mr. Brown assisted the new, as well as the old teachers at Istrouma.

"CLARENCE SMITH"

Mr. Brown remained as assistant principal at Istrouma for four years.

Under his supervision, Istrouma's students maintained high goals and achieved state-wide recognition.

Reflections of the Present

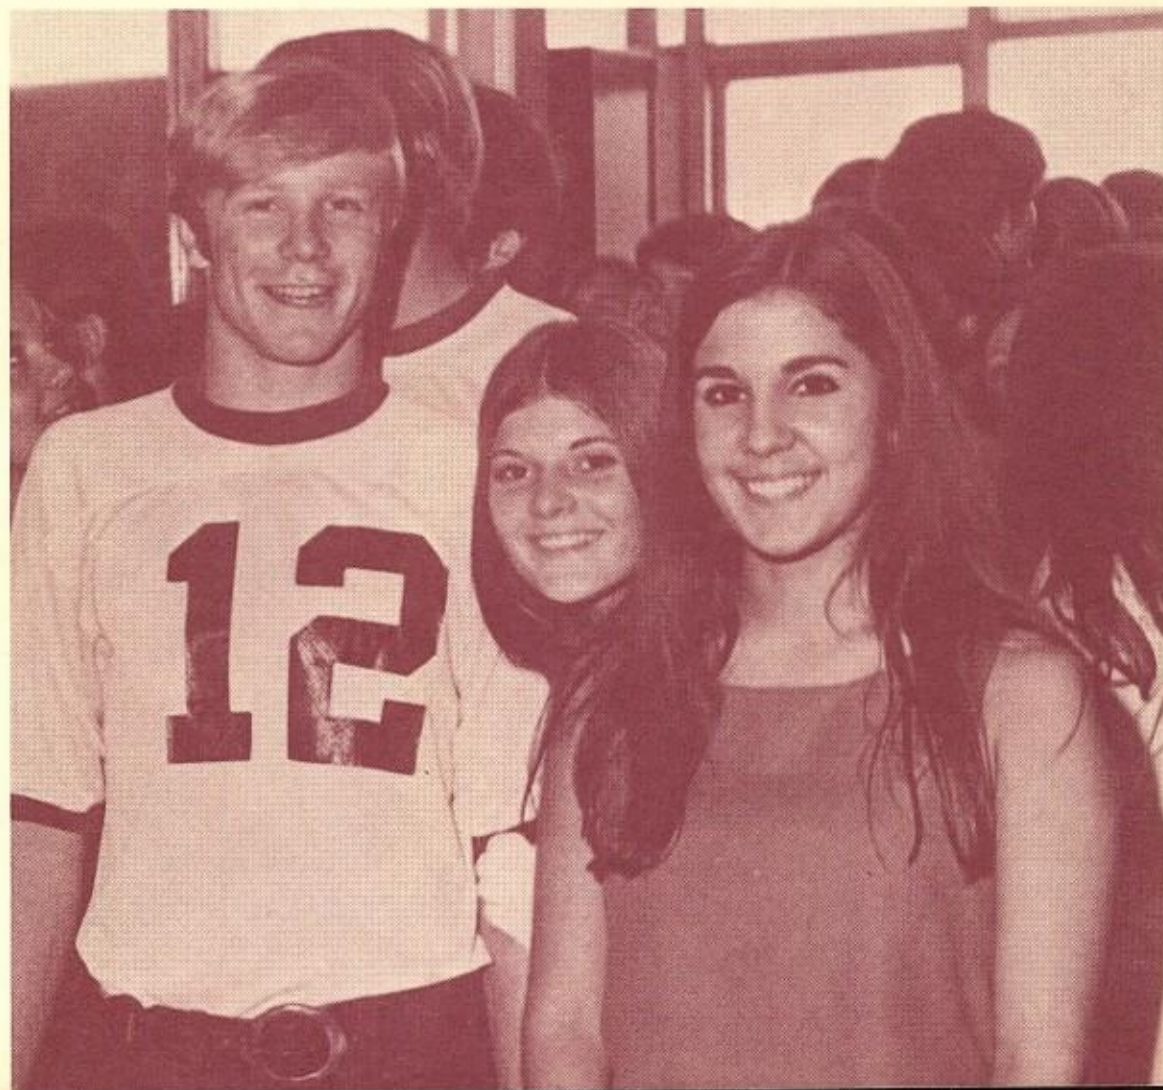

Today, our day and time is changing. The students, the school and teachers are changing. Everything today had to be modernized.

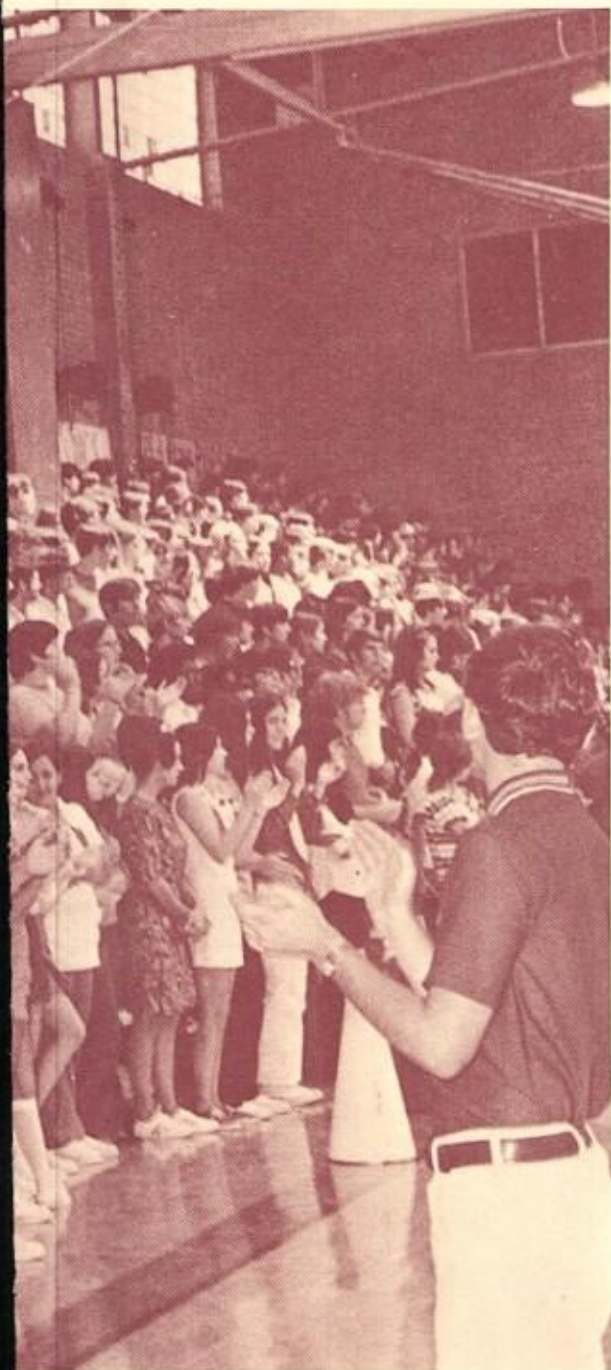

Istrouma's teachers and students have increased in number many times over. They are still adding more classrooms to accommodate everyone.

Here in 1972 the "spirit" of Istrouma continues to be strong. It will remain at Istrouma as long as there are still Istrouma students.

As we leave we shall reflect on both happy and sad moments we have spent here.

The love and pride we have for Istrouma and our faculty will remain in our hearts forever.

The more recent additions Mr. Brown has added to Istrouma are the T & I Building and the long over due air-conditioning.

Istrouma teachers and students have been waiting long and patiently for the comfort of air-conditioning.

During this past summer, our newest addition, the T & I Building, was added. To improve our boys for the world outside, Istrouma now offers more advance courses in the field of Industrial Arts.

Once a young man dreamed a dream.
He dreamed of a school so great
That it surely would stand with the best in the land,
A boon to the Pelican State.

Now, this young man was a smart young man,
And very well he knew
That you give your all and you play good ball
To make such a dream come true.

So he summoned his teammates: his Courage, his Wit,
His Faith, and his Sense of Fair Play,
And they worked out that dream, the man and his team.
We call it ISTROUMA today.

And many indeed are the loyal hearts
That beat with a fierce, sweet pride
At the sound of that name; and that "Little Fuzz" fame
Has traveled far and wide.

When a very fine man is a very fine Coach
And a very fine Principal, too;
And he gives of his best with unbeatable zest
All his life time through;

That man just naturally *earns* your love,
Plus a fair-sized hunk of renown.
And we Indians will shout till our feathers run out;
GOD BLESS OUR MR. BROWN!

PRESENTED TO

ELLIS A BROWN

We, the faculty and student body, with loving admiration and respect, dedicate the 1971-72 Pow Wow to our principal, Mr. Ellis A. Brown.

The thirty-seven years service you have given Istrouma will always be cherished. You are a man who has dedicated his life for the promotion and public recognition of Istrouma.

You have devoted your time not only to Istrouma, but to the city of Baton Rouge. Your participation in school clubs, such as Beta and Leo, has set high goals for all of us to follow. Your activities in civic organizations have shown thousands your devoted leadership.

Words alone can not express the feeling we have for you.

Trade and Industrial Education is a vocationally oriented course designed to be offered on the senior high level to prepare students for the world of work. It is unique in that a student may use his skills to enter immediately into a trade such as welding, automobile body repair, or automotive mechanics, or he may wish to use his acquired knowledge and skills to better prepare himself for college study such as electrical engineering or architectural or engineering drafting. *Left:* Lester C. The purpose of the Guidance program at Istrouma is to provide counseling opportunity for every student in high school, either through group or individual sessions. Counseling interviews may be to give each student the help he needs in his personal and social adjustment, to help him interpret strengths and weaknesses indicated by test scores, to help him plan his education, to show him where to obtain information on occupations, to assist him in preparing for his life work, and to give any other assistance which he needs.

War Whoop

From the Editor's Desk

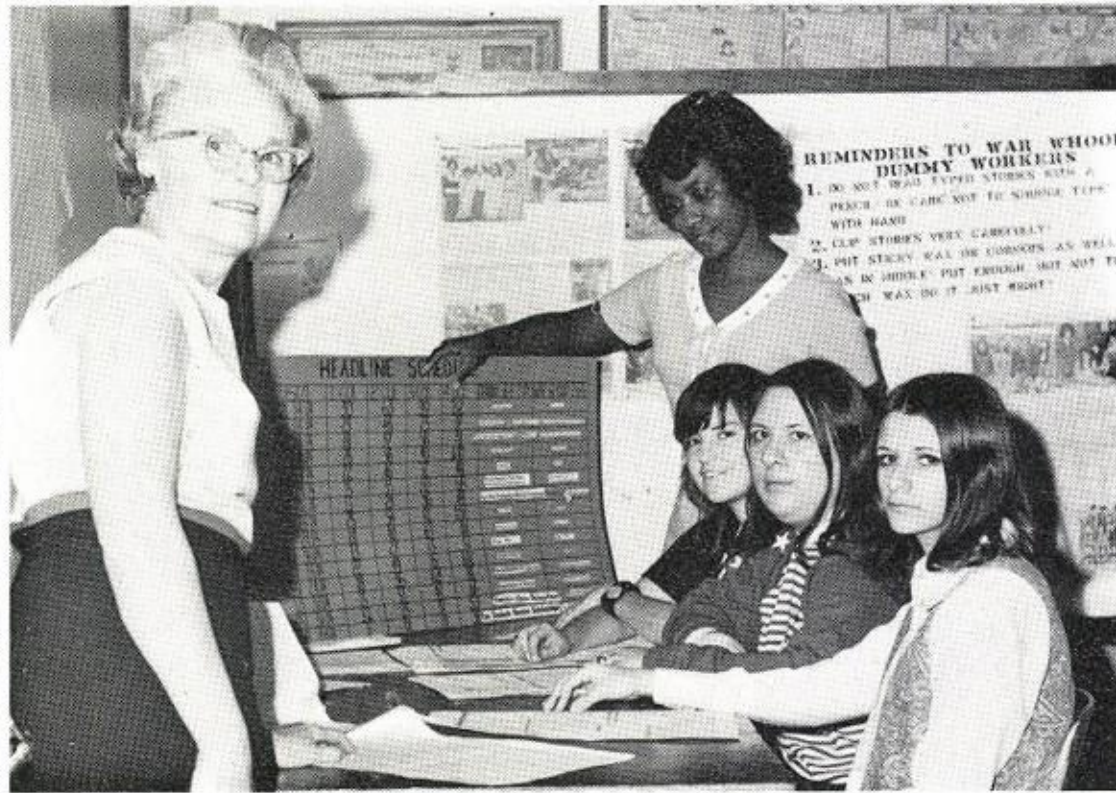

A number of IHS football players have been injured this year. We would like to express our appreciation to them.

In the waning minutes of the Glen Oaks-Istrouma game Larry Baker sustained a severe concussion of which he became aware later at school. He was rushed to the hospital. By the time of the Glen Oaks game, in addition to being IHS's top tackler,

the IHS - Scotlandville game. He returned to play Capitol, leading the team to two touchdowns in the fourth quarter, with minutes left in the game, he received an injury to his knee.

Joey Delatorre, who had a freak accident when his cleat got caught in the grass resulting in torn ligaments in his leg, is coming along fine and is looking forward to participating in track.

Quality is never an accident

Some brands of milk and ice cream are satisfied just to meet the minimum quality standards set by federal, state and city regulations. Not so with Borden. Our dairy foods are the purest, best tasting we have learned how to produce in over a century of experience. We take very seriously our responsibility to protect purity and flavor from farm to your refrigerator. The truth is, has been, and will continue to be: Everything Borden makes is better than it has to be.

The 1972 Pow Wow is ready to go to press. It's finally finished and I'm expected to write the closing remarks.

I began this editorship with mixed emotions. The planning and organizing of this book was only a sample of what was to come. Thoughts of working only two or three hours after school were soon put aside. My staff and I had to struggle over every small bump because we had accepted a job that required much more than any of us had ever dreamed. It seemed as though we had to fight all of IHS whenever we talked, complained, and most of all explained why things were done a certain way. We wanted to prove to people that this yearbook was going to be the best and that we were giving it our best.

Now to the part where I say thank you . . . to all the teachers who allowed us out of classes when we were rushed for our deadlines . . . to our photographers who got us pictures at the last minute when we were desperate . . . to all of the students who got out and sold ads to support this book . . . to the people and businesses who supported the Pow Wow . . . to the office staff for their unending assistance and support . . . to Mrs. Mitchell and all my friends who listened to me when I had to have someone to talk to and get advice from . . . to my staff, who are to me my greatest friends in the world, who were always there and went through everything I did, who a lot of times stayed and worked even when they had other things planned, who devoted every hour they could to making this a better yearbook than before . . . and now a special thanks to Miss Audiffred, our sponsor, who stood by our side all year, who had to convince us, teach us, and encourage us when we were ready to give it all up. There are many more responsible for this publication, to these . . . thank you.

As I began this yearbook with mixed emotions, I end it with the same because now there are no more deadlines hanging over our heads, we can stop running and rushing for now we have time . . . time to rest, study and go out without feeling guilty that there is a lot of work left to do. I feel relieved but also I feel lost and empty, a feeling of uselessness, like there is nothing to do, for now I have nothing but time on my hands . . .

So Ann:
 One of my dearest friends, that I have been knowing for
 about 6 yrs. that's a long time. And those times we had up
 and down but some how it didn't really matter. Cause
 nothing matters but the friendship with the best of friends.
 Ann when you turn back the hands of time don't
 forget all those good times we had together. Remember
 all the good times we had all the enjoyment and fun
 the talks we had in the strike, and when turning back
 those hands remember all the fun we had at Saturday.
 and don't forget the enjoyment at Saturday. We had together
 so be cool you have a big year ahead and don't stop trying
 With Joseph Walker you say! maybe you
 got him next year sometime so don't
 give up try harder that's back
